What are the costs?

- Consultancy time
 - SIEF communication costs
 - Creation of IUCLID files
 - Writing CSA/CSRs
- Registration costs
 - Data
 - Letter of access
 - Data generation
 - Agency fee for registration
- Consultancy expenses

These are
the biggest
costs!!!

\$\$\$\$\$\$\$\$\$\$\$\$

How can savings be made?

- Common interest substances
 - One OR/TPR consultant represents multiple clients on the SIEF
- Impact assessment
 - What data actually needed
 - Waivers & exemptions
 - Joint CSA/CSR
 - Not required if tonnage <10 tonnes
 - Simplified CSR if substance/preparation non-hazardous
 - Only do your own for uses not covered

How can savings be made?

- The master dossier concept
 - More in later presentation
- REACHsuite!
 - Highly efficient SIEF communications
 - Project management tool
 - Information storage
- Consortium participation
 - Paul to present

- REACH is expensive!
- Consultancy time is a relatively small element
- Use consultants efficiently
- Save money
- Minimise costs
- Be smarter than your competitors
